## 3. Activity bonus rules

3.1 If you register a trading account with us and deposit \$1000.00 or more during the activity period, you can create a ticket to receive a bonus that will be transferred to your trading account. The bonus will first be credited to the client's trading account within one business day in the form of credit. Bonus will be converted to cash when the customer achieves the following trading lot requirements within 3 months (must be traded in the same trading account). After 3 months (based on activation time) credits not converted to cash will be canceled.

### 3.2 Calculation formula:

Bonus amount = initial deposit amount \* 20% (deposit amount is rounded up to the nearest thousand), trading volume = bonus amount \* 100%. Up to \$50,000 in prizes will be awarded.

Example: if a client deposits \$6,500, the bonus amount is \$1,200 (6,000 \* 20%); if a client deposits \$18,500, the bonus amount is \$3,600 (18,000 \* 20%). 10% bonus will be provided on redeposit.

Examples are listed below.

Deposit (USD)	Bonus (USD)	Trading Volume in Three Months (lot)
1,000 - 1,999	200	200
2,000 - 2,999	400	400

3.3 Deposits and trading lots are calculated based on a single trading account and cannot be combined for different trading volumes under the same name account.

3.4 The client can participate in the activity using any of the methods of deposit offered by AUS Global.

3.5 Withdrawals or transfers made before the account reaches the required trading volume will result in a full deduction of the bonus.

However, if the funds withdrawn or transferred are part of the profit, then the bonus will not be affected.
